

Program Name:

Problem/Need

Program Description:

**Inputs:**

*INPUTS are resources needed to implement the program, often including staff, funding, curriculums, time.*

**Activities:**

**Outputs:**

*OUTPUTS are the direct and measurable products of a program's activities or services, often expressed in terms of units (hours, # of people or completed actions).*

**Short Term Outcomes:**

**Evaluation Plan:**

*Indicators:*

**Intermediate Outcomes:**

**Evaluation Plan:**

*Indicators:*

**Long Term Outcomes:**

**Evaluation Plan:**

*Indicators:*

*OUTCOMES are the results or impact of these activities or services. OUTCOMES are specific and clear changes in:*

- Circumstances
- Awareness
- Knowledge
- Skills
- Attitudes
- Behaviors

*Includes evaluation tool and plan for evaluation implementation (timing). For example: satisfaction survey, pre/post survey, focus groups, and interviews*

*This section outlines the **indicators of success**. For example: If a short-term outcome is increased engagement in the Jewish community, one indicator may be attendance at Jewish events (this outcome will have many indicators for success)*
