

ARE YOU ELIGIBLE FOR HEALTHCARE COVERAGE?

Medicaid Expansion in Missouri means adults ages 19-64 may now be eligible for healthcare coverage, depending on their income.

ELIGIBILITY

Mo HealthNet, or Missouri Medicaid, is a healthcare coverage program for low-income individuals and families. Medicaid covers many healthcare services, including doctor's visits, prescription drugs, inpatient and outpatient hospital services, and preventative care. There is no cost to enroll in Medicaid.

To be eligible for Mo HealthNet, non-disabled adults ages 19-64 must:

- Live in Missouri and be a United States citizen (or qualified non-citizen).
- Make less than the annual income limit for their household size (see chart).
- Not be eligible for or receive disability benefits or another type of Medicaid coverage.
- Have healthcare coverage/ have applied for healthcare coverage (private insurance or MO HealthNet) for any children in the home.

Medicaid is also available for children under 18, seniors 65 or older, people with disabilities, blind or visually impaired individuals, and pregnant women. You can find the income limits and other criteria for these programs at <https://mydss.mo.gov/media/pdf/eligibility-requirements-mo-healthnet-coverage>.
